

Service Provider Revolution: Grow Revenue, Reduce Costs and Mitigate Risk

Agenda:

| Times | Sessions and Speakers |
|--------------|--|
| 3.00-3.15 pm | Introduction to the Service Provider Revolution |
| 3.15-3.40 pm | We will be revealing Cisco's exciting latest development which is set to revolutionize the economics of the internet by changing how networks are built, operated and trusted, which reduce capex, opex, and mitigate risk |
| 3.40-4.05 pm | The 5G opportunity means there is no longer anything centered about the data center. We will showcase how carriers can ensure resilience at the edge by adopting a multi-level data center architecture |
| 4.05-4.30 pm | Understand how digital transformation is set to drive benefits; from the workforce to supply chain; security and cloud, all the way through to technical services while enhancing user experience |
| 4.30-5.00 pm | Learn how to accelerate networks to new revenues with greater customer loyalty, by introducing new multi-cloud applications to new and existing markets |
| 5:00-6.30pm | Shuttles departing from the Cisco Live venue to the Service Provider reception every 15 minutes |
| 5:30-9:30pm | Service Provider reception @ Salt Beach Club Relax over cocktails and tapas and spend time networking with colleagues and peers. |
