# DevNet

Bringing DevOps to Life

DevOps is both a mindset and a process, which we translate into practical things like job titles and automation. Learn how to turn the idea of the "art of the possible" in DevOps into a reality.

START

June 15 | 12:00 p.m.
DEVWKS-2870
Hands on with Model-Driven DevOps

June 14 | 12:00 p.m.
