# DevNet

Getting Started With Cloud Native

Break free from the trap of on-prem-only. In this path you will learn to leverage cloud-native tools and methodologies to better develop and support your micro-service and multi-cloud applications.

START

June 13 | 10:00 a.m.
DEVNET-1819
Intro to Containers for Cloud Native Applications

June 13 | 1:00 p.m.
DEVNET-2081
Kubernetes and You!

June 13 | 3:00 p.m.
DEVNET-1487
Intro to Kubernetes

June 13 | 1:00 p.m.
DEVNET-2081
Kubernetes and You!

June 15 | 4:00 p.m.
DEVWKS-2330
Deploy and Manage Microservice-based Applications across Multicloud

FINISH

June 13 | 1:00 p.m.
DEVNET-2450
Your Mess Needs a Mesh

If you are unable to attend a live session, you can watch it On Demand after the event.
